

Label that appears on the back of quilt reads as follows:

Quilt name: "A Bird's Eye View of My Flower Garden"

I admire people who can grow a magnificent flower garden. I don't have a green thumb; therefore my beautiful flowers are created through quilting, photography, or forged in the blacksmith shop.

Quilt designed and created by Camelia Elliott of Pilot, Virginia (Floyd County). Quilt started in 2009 and completed in 2011.

Painted fledgling by P. Buckley Moss.
